Cleveland, May 18.-Major William Mc Kinley has at last consented to be interviewed. For months he has evaded newspaper publicity, but before leaving town today he talked freely with a reporter, but not on the political issues of the day. It may not be known to the general pub-

lie that Major McKinley is a baseball crank. The subject of his interview is on baseball, bleyeling and kindred subjects. When the Major comes up to see Mr. Hau-na and his Cleveland friends he invariably attends the game, if he is not too busy.

"I am very much interested in the Amer-lean sport," he said. "The Cleveland Club seems to be able to put up what they call a 'pretty stiff' game of ball, and the team seems to be holding its own with the strongest clubs of the League. It certainly

Indianapolis, May 18. There has been talk among a few of the sound money Democrats here of forming an organization which

Mr. Hanna was pleased to-day when he read a dispatch from London stating that the British public looked askance upon the probable nomination of McKinley, because of his tariff ideas and his well-known advocacy of home industries and American

* workingmen.
"I wish," said Mr. Hanna, "that this article could be kept at the top of a col-umn in every newspaper in this country for the next two weeks. The statements are significant and splendid, and it is just what we want if they will let us fight it out on those lines. You know, it's our pelicy to find out what our adversaries don't want and then give it to them."

Newest Notes of National Politics

Richmond, May 18,-Now that it is assured that the free silver people will-dominste the State Convention and send a practically solid delegation to Chicago, the question of the State Chairmandship of the party is being considered. J. T. Ellyson has occupied that position nearly ever since the death of Senator Barbour. He is, however, a staunch sound money man, and the free silverites may want to select as his successor a leader in sympathy with their views. No other man in Virginia, however, has ever been as successful in obtaining campaign (unds as has the incumbent, and this may prevent a change.

Kansas City, May 18 .- Judge James Gibfor Governor of Missouri. He is a strong free silver man, and intimates in his letter of withdrawal that his desire to give the free silver Democrats of Missouri a leader was his principal reason for becoming a candidate in the first place, but that as "the supremacy of free silver is now absolutely safe so far as Missouri is concerned." he walks out. This pulls out. This leaves the present State
Treasurer, Lon V. Stevens, the only announced candidate for the Democratic nomination. If Major Harvey Salmon, of Clinton, dos not decide to run, the gold standand people will put up some other man, for they are determined to make a fight.

Austin, Tex., May 18.—Ben R. Tillmen is causing confusion werse confounded in Texas things do not go to suit them. Texas silver leaders have been preaching that the gold men intended doing that, but the silver men never, and now for Tillman to openly advo-cate it and be indersed in his sentiments by other allverites, is making the silver leaders disgusted. Conservative Democrats say that in their opinion order can only be brought out of the present chaotic state by the nomination of Adlal Stephenson at Chicago, he being a man whom both factions could indorse.

St. Louis, May 18.—Bland's friends are disposed to think a combination has been formed among Missouri and Iowa white metal leaders to throw the free allver apostle in this State outside the Presidential breastin this State outside the Presidential breast-works. From lowe comes the report that Botes, notwithstanding his avowed Presi-dential candidacy, will head the delegation to Chicago, and, with Governor Stone, lender of the Missouri delegation, will try to control the convention. Bland's friends have little confidence in Boles, and have been disposed to combine with the old silver leaders like Morgan and Harris rather than the new crop of silver advocates from Western Republican States. Stone, on the other hand, is in charge of the Bland Executive Committee and is known to favor a general plan of intrusting the Democratic campaign to new silver blood.

St. Paul, May 18.—The Democratic State Convention to elect delegates to Chicago will be held on June 2, and it will be one of the be held on June 2, and it will be one of the most interesting State conventions ever held by Democrats in Minnesota. While there seems to be no doubt at this time that the convention will adopt a sound money plank, the free silver advocates will make a strong showing. An attempt will be made to elect the National Committeeman in the convention trail, instead of leaving it to the deletion itself, instead of leaving it to the delegation to the National Convention, as here-tofore has been the custom. Michael Doran has not said whether he will seek reelection as National Committeeman, but he will prob-ably be a candidate for delegate-at-large.

shall advocate the nomination of William E. Russell, of Massachusetts, for President. A hard money Democrat says he believes that if such a club were organized it would be able to gather in a good many members in Indianapolis and through the State. There are also influential members of the party who are in favor of the nomination of Sec-retary of State Ciney. It is believed that a few Indiana Democrats will go to Chleago and oppose the nomination of Governor Matthews if he decides to rely upon the free silver people.

Philadelphia, May 18.—Pennsylvania Democrats are well pleased with the reports which National Chairman Harrity brings back from the West. They think that his promise of a sound assuey platform first and a candidate next to fit the platform means ex-Governor Pattison's nomination. They do not profess to believe that this is a Democratic year, but they do believe that McKinley's refusal to declare himself boldly on the money question will work to the great advantage of the Democratic party of Pennsylvania with the ex-Governor as the leader.
